K. C. CONVENTION

State Council Holds 17th Annual Session at St. Albans.

St. Albans, May 8.—About 250 visitors are attending the 17th annual convention of the Vermont State Council, Knights of Columbus, in this city. In a duck pin match held on Dowling's alleys this afternoon between DeGoesbriand Council of Burlington and St. Albans Council of this city, the former won by 32 points.

A class of 75 received the third degree at a session held in city hall this evening and the women of St. Mary's parish served a banquet in Eagles' hall at the close. Those upon whom the third degree was conferred were those candidates that received the second degree yesterday, together with a few from other councils of the State. At the close of the banquet this evening speeches were made.

SILVER KING CAPTURED

Pancho Villa is still free, but Silver King, long sought leader of the great herd of wild horses of Arizona, has been captured. The fact was announced yesterday by W. E. Hawks, owner of the Two Bar 70 Ranch, on Snake River, Idaho. Silver King's stock by some persons is said to date back to the days of the Spanish conquest and Pizarro's flight from Mexico. His cunning, speed and endurance have made him as famous in the Southwest as Villa is in Mexico.

"The reason for this interest in Silver King is that Mr. Hawks was commissioned several years ago by Guy Weadick, director general of the Stampede, a big cowboy and festival contest for the world's championships which will be held in Sheepshead Bay next August, to get the stallion.

ING SPEECHES WERE MADE.

All the State officers are present. They are: C. F. Mann of Brattleboro, deputy; Stephen M. Driscoll of St. Albans, secretary; A. C. Moore of Barre, treasurer; R. J. Muleahy of Hardwick, advocate; John F. Smith of Rutland, warden.

Avoid Spring Colds

Sudden changes, high winds, shifting seasons cause colds and grippe, and these spring colds are annoying and dangerous and are likely to turn into a chronic summer cough. In such cases take a treatment of Dr. King's New Discovery, a pleasant Laxative Tar Syrup. It soothes the cough, checks the cold and helps break up an attack of grippe. Its already prepared, no mixing or fussing. Just ask your druggist for a bottle of Dr. King's New Discovery. Tested and tried for over 40 years.

The STERLING Club
Is Filling Up

\$2.00
Only Weekly Dues

In a few days—maybe less—there will be 16 women in this community who will have occasion to congratulate themselves on having made a big saving in the purchase of a "Scientific Sterling" Range.

No one can buy the "Scientific Sterling" for less than the Club price, not even for *spot cash*.

Join Now and Get This Saving

The moment you join and pay the membership fee of \$5 your range is delivered to you and you may pay for it while using it. The weekly dues are only \$2 until the range is paid for.

Here's what Membership in the Sterling Club means:

First: A Wonderful Range

The "Scientific Sterling" does ALL THINGS at once. It bakes, broils, roasts, cooks and heats water ALL IN ONE RANGE. It saves *steps*, saves *space*, saves *coal*, saves *gas*. It takes up only three feet of space.

Installed Free

We install it in your kitchen, all connected up ready to light the match. This saves you finding a plumber and a bill of \$10 to \$25.

30 Days to Try It

Try the "Scientific Sterling" for 30 days and if it will not do what we claim for it in our advertisements we will take it back and refund your money.

Don't Worry About Your Old Range

We will buy your old range back and allow you every cent of value there is in it.

In Case of Sickness

We will cancel all future payments and give you the range should you become totally and permanently disabled by sickness or accident after joining the Sterling Club.

Two Free Broilers

The "Scientific Sterling" is especially adapted for broiling. We give you free two special broilers, one for coal and one for gas. Made specially for the "Scientific Sterling" and double the value of ordinary broilers.

Our Guarantee

With your range we give you a "DOUBLE GUARANTEE BOND" signed by the Sill Stove Works and ourselves, guaranteeing the range and our service.

vice. This guarantee is binding and we have to live up to it.

In justice to yourself you can't resist this offer.

You may never have another opportunity to get the "Scientific Sterling" on these extraordinary terms.

The "Scientific Sterling" is two big efficient ranges in the space of one.

The Gas Range that Burns Coal

This wonderful range has a 6-hole top all used for coal. The 4 right hand holes are for gas, 3 standard burners, 1 giant burner and one simmering burner. The big fire box and Sterling Grates burn more air and less coal and give more heat. The large oven is both for coal and gas. Oven burner has safety damper, which automatically opens when gas is turned on.

You must come in and see this range
